

Press Release

Zurich, October 6, 2021

Belvoir Capital AG is the First Company Worldwide to Launch a Crypto DeFi Income Certificate

- On October 1, 2021, Belvoir Capital AG launched a new investment product: an actively managed and diversified DeFi (Decentralized Finance) Income Strategy ETI (Exchange Traded Instrument)
- Belvoir Capital AG is thereby the first company in the world to provide access to the DeFi crypto market with such a product
- The Belvoir DeFi Income Strategy ETI is exchange listed at Börse Stuttgart and daily tradable

After successfully launching its first daily tradable investment product in the crypto space, [Crypto Alpha Strategy AMC](#), Belvoir Capital is back with a world first – the [Belvoir DeFi Income Strategy ETI](#). The Belvoir DeFi Income Strategy ETI follows an actively managed and diversified Crypto DeFi (Decentralised Finance) strategy. It mainly manages a portfolio of stablecoins to generate steady income.

The term DeFi stands for "decentralized finance" and is usually used to describe the group of applications and companies that offer financial services based on decentralized blockchain technology. Sometimes it is also referred to as "Open Finance".

Steffen Bauke, CEO of Belvoir Capital AG: "*After the listing of our first AI-based crypto product in March 2021, we are proud to be the first to launch another world first. For the more conservative investors in the crypto market, we are now the first in the world to launch a DeFi Income Strategy ETI. A way to very easily participate in the fast-growing DeFi market while generating stable returns with almost no price fluctuations. In times of zero interest rates, one can let their capital work with a manageable risk and still dispose of it daily. What more could you want?*"
